Graduation Class of 2023

Congratulatory message from the Vice-Chancellor

Congratulations on graduating from the University of Seychelles!

Today is a day of celebration, reflection, appreciation and gratitude. You have successfully completed your programme of study and you have acquired a higher qualification. You have gained tremendously during the past years and you are ready to show what you can now do as better-trained professionals. Your Graduation today marks an important milestone in your life. It is an accomplishment that should be celebrated, not only by yourself, but with and by your family, friends colleagues, employers, sponsors and the society as a whole. Be grateful to all who have contributed in a way or another towards your success. Thank each and every one of them for their support, encouragement and love. Remember all the staff at the University of Seychelles who have helped mould you into such a wonderful graduate. Have a special place in your heart for the lecturers who worked tirelessly and passionately to impart knowledge and skills to you during your years at UniSey.

As you graduate today as UniSey's 2023 Cohort, you need to be acclaimed for having persevered during this exceptional year that you have had to push through due to the unprecedented health restrictions and constraints. Your determination and focus have contributed towards your successful outcome. Be proud of yourself, of your accomplishments, of the professional that you have become. Graduating in such a complicated year proves your strength of character and your undeniable courage.

You now join UniSey's Alumni Community and this is a lifelong membership. Please keep in touch, stay connected and come back if and when you feel like going further as a professional. UniSey will be there for and with you.

Congratulations to you!

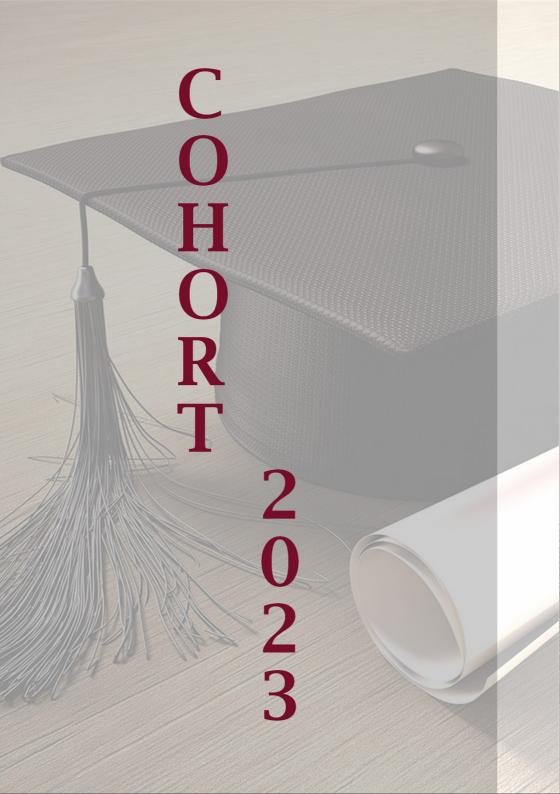

Joëlle Perreau

ANTHEM

Our Future in Our Hands!

0 precious jewel, clear waters abound Worthy is the fuel, zealous and profound Mountains of wisdom, in a God given kingdom Oh how mighty and bright, is that heavenly light. Every pathway, super highway, our future, in sight! Born is the power, in the youthful, bestowed. The burning desire to be fruitful, to grow, From the seed to the flower, to the tree that will tower. Every strong wind, withstand! Spread the roots through the land! Singing high notes so the whole world will know, Onwards we'll walk on, the needed will be done! All out for our young ones, and a nation as one Many oceans to sail, many worlds to explore Fearless, we'll reach out, losing sight of the shore For the wealth that we reach for, will be ours there and then: We are holding our future in our hands!
