PABX System Fault Affecting Internal Extensions

Dear Staff, Students and Stakeholders,

Please be informed that we are currently experiencing technical issues with some of our internal extension numbers due to a PABX system fault.

Cable & Wireless Seychelles (CWS) is already attending to the matter, and we will communicate again once the issue has been fully resolved.

In the meantime, we kindly request that all calls be redirected to the UniSey mobile contact number: **2660988**.

We apologise for any inconvenience caused and thank you for your cooperation and understanding.
