

A STRATEGIC LEADERSHIP TOOLKIT FOR COVID-19 AND ITS AFTERMATH

How do you “step up” in your role and act as a strategic leader driving initiatives forward? How do you help your organisation deliver on its promises to customers and clients? How do you build the organisational capabilities and the resilience needed to win the Covid battle? As a leader, how do you balance operating discipline and strategic agility – what we call “painting with two hands”? How do you lead successful strategic change and build a high commitment organisation?

Bottom line value for firms and organisations

You will learn practical strategic frameworks and tools you can apply right away, including:

- A critical issues mapping process
- An execution IQ diagnostic
- The four building blocks of strategic change
- Three horizons of business: operations, growth, transformation and value propositions
- 5% leadership rule

Who should attend?

- Senior Managers
- Likely successors of current managers
- Project managers leading key business projects
- Senior talent development and organisation development staff

Cost:

SCR3,000 per participant, per day

Venue:

In-house or at UniSey
